To:

Honorable Mr. Hassan Mohtashami
Country Representative - UNFPA Indonesia

Dear Sir,

Voice of Indonesia (VOI) is the Overseas Service Broadcasting Station and a part of the Public Broadcasting Institution (LPP) Radio Republik Indonesia. VOI is dedicated to introducing Indonesia to the international community. In addition, as an essential component of second-track diplomacy, VOI plays a vital role in delivering timely information to the diaspora, Indonesian citizens abroad, and the global audience.

In line with the decision of the RRI Management, effective November 25, 2024, regarding leadership changes within the units of LPP RRI, we wish to inform you that the position of Head of the International Broadcasting Station "Voice of Indonesia," previously held by Drs. Soleman Yusuf, M.M., has now been entrusted to Widhie Kurniawan, S.H.

We hope that the collaboration and mutual support we have shared thus far will continue to grow and strengthen in the future. We truly appreciate your attention and thank you.

Sincerely,
Head of Voice of Indonesia
